J2 / FRONT OFFICE INTELLIGENCE

CLEVELAND CHARGE

JORDAN LATHON - EXECUTIVE SCOUTING BRIEF

6'5" GUARD | POINT-OF-ATTACK DEFENSE | GUARD REBOUNDING | CONNECTIVE PLAY

23-13	122.6	127.6	122.0
2025-26 RECORD	PPG / 2ND	OFF RTG / 2ND	DEF RTG / 20TH

01 / TEAM HYPOTHESIS

Cleveland went 23-13 with a top-two offense in 2025-26; its defensive rating ranked 20th.
Jordan offers a defense-first, low-usage connector for specific perimeter assignments.
Previous-season metrics frame a question; they do not establish a current roster need.

02 / CURRENT ROSTER - NOV. 9 OPENING LIST

13 players total: 10 standard roster spots + 3 Cavaliers two-way frontcourt players.
Two-ways: Riley Minix (F), Norchad Omier (F/C), Ernest Udeh Jr. (C).
Seven guards: Austin, Curtis Jones, McNeil, Richmond, Robinson, Strickland, Yaacov.
McNeil and Robinson return; Cleveland has no confirmed standard guard vacancy.
Two-way frontcourt movement changes availability, not standard G League roster capacity.

03 / WHERE JORDAN COULD CONTRIBUTE

DEFEND / Compete for tough point-of-attack matchups and navigate ball screens.
REBOUND / Finish stops and chase loose balls from the guard position.
CONNECT / Keep existing creators involved through quick extra passes.

04 / WHY JORDAN & HOW TO USE HIM

March 22, 2025 vs Rip City: 14 assists / 9 rebounds / 5 steals.
2024-25 combined G League AST/TO: 2.41. Evaluate his matchup work on full film.
2023-24 Morehead: 15.6 PPG, 6.0 RPG, 38.4% 3PT; First-Team All-OVC.
Pair him with a current creator: physical POA defense, rebound, move to next action.
Former Morehead teammate Riley Minix is a potential introduction, NOT a confirmed referral.

05 / FILM & NEXT CONVERSATION

Start with three full possessions: on-ball pressure, defensive glass and next pass.
Ask Cleveland's staff to assess the defensive-guard role versus its current rotation.
Basketball operations: Liron Fanan (VP); Eli Kell-Abrams (head coach).

THE ASK

Would Cleveland review Jordan's film as a defined defensive guard option?

If the role fits and a roster pathway emerges, discuss a targeted workout.
